Dear Chef Jack, Candy, Eric and all,

Oh, the adventures we have had and now we can add rain storms to the list! **THANK YOU** for again being a part of the Direct Supply Summer Picnic at the Zoo, for keeping things dry and for adjusting to all our last minute requests. I received tons of compliments about the wonderful food and the kid's buffet is always a huge hit with both the kids and adults.

Your staff as usual was fabulous, efficient and most importantly very friendly. Candy, I have said it before but I simply could not run an event without you. Your willingness to share your experience with me is so appreciated.

Thanks again for everything. If I can ever be of assistance with a recommendation, please send the customer my way. I look forwards to working with you again soon.

Sincerely,

A handwritten signature in cursive script that reads "Liz Bremer".
