Dear Jack, Candy and Eric,

I write in gratitude for the terrifically good food and equally good service you provided at our daughter's wedding on July 16th. From our initial contacts with Eric through the tasting with Jack and the organizational meeting with Candy, we found all of you helpful and easy to work with. I appreciated the manner in which Jack related to Anne at the tasting because it helped her voice her preferences.

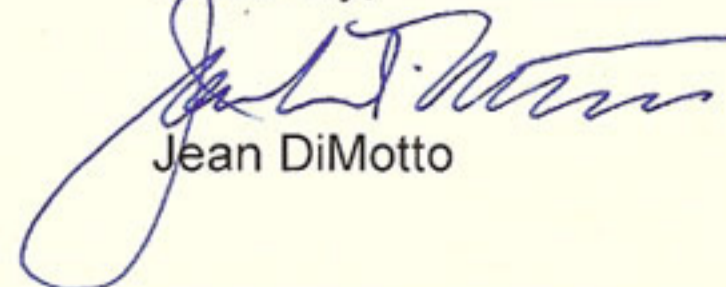

Our guests raved about the meal. Everything from salad through the four foods on the entree plate was absolutely delicious and perfectly cooked. I liked the proportions of the different foods on the entree plates: nicely sized, not super-sized. I heard favorable comments as well about the appetizers, the champagne greet and the hazelnut liqueur in the chocolate cups.

The service was simply outstanding. We especially noted Sue's grace and demeanor while serving. The bartenders were also wonderful. And Candy is an exacting supervisor with high standards and a generous heart whom we really appreciated. You did us proud as hosts.

You are dependable, experienced and kind professionals who worked well with our other vendors. It was a relief to us to be able to rely on you 100% amidst all the stress of planning a wedding.

We gave your name out to many people. We hope the families of the 20 teenagers and young adults who were present will choose Chef Jack's when their time comes!

Sincerely,

Jean DiMotto
